Our hearts go out to everyone affected by the recent fire in Tai Po. At Regal Hotels International, we sincerely pledge to extend our support and assistance to offer comfort and support during this difficult time.

To help ease the burden, we are providing 160 complimentary guest rooms located across various areas in Hong Kong from our Regal, iclub, and Regala properties for two weeks, along with meals. These rooms include pet-friendly options, and we warmly welcome anyone in need of a safe place to stay.

Regal Riverside Hotel in Shatin will also be offering complimentary dining services to those affected and has opened the Study Hub as a supportive shared space for residents, especially benefiting students in need.

Additionally, Regal supports Bodhi Love Foundation (BLF) to actively reach out to primary schools and kindergartens in Tai Po to provide emergency assistance of HKD 2,000 for each child. This initiative aims to help parents quickly acquire essential learning supplies, enabling children to resume their normal routines as soon as possible. Starting in December, BLF will host a six-week mindfulness training course at Regal Riverside Hotel to nurture the emotional well-being of both parents and children during this challenging period.

Together, we hope to alleviate the burdens faced by those impacted by this tragedy. Let us unite in love and care as we navigate this challenging period.
